

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (amended) A method of playing a casino dice game comprises the steps of:

indicating to a plurality of gamers possible outcomes of at least one roll of two [or more die] dice;

setting wagering odds for each outcome;

having each of the plurality of gamers make one or more wagers on the outcome of the roll;

having one gamer jumble the two or more die;

determining the face-up number on each die; and

distributing payouts according to the wagers made and the outcome of the jumbled dice;

such method of play not establishing a point value, a natural, or a crap as in the play of craps.

2. (amended) A method of playing a casino dice as claimed in claim 1 further comprising the step of establishing a jackpot into which gamers contribute a bet amount and out of which distribution is made depending upon pre-established criteria of face up rolls.
